TERRESTRIAL WILDLIFE BIOLOGY

Chad Bishop, Wildlife Biology, Director

The Wildlife Biology Program combines the best features of a liberal arts curriculum with scientific preparation in wildlife conservation. The Program provides students with an extensive knowledge in ecology, population biology, conservation biology, and critical thinking and quantitative skills. Our students receive a strong academic and scientific background with an emphasis on hands-on, experiential learning. The educational requirements for certification by The Wildlife Society can be met within the framework of the undergraduate program.

While some employment opportunities exist in wildlife conservation for students with the baccalaureate degree, we encourage students to continue their education through the master’s degree to qualify for most state, federal, and private positions.

Two concentrations are offered in the Wildlife Biology Program: terrestrial and aquatic. They both follow the same schedule of courses for the freshman and most of the sophomore year and then pursue different curricula for the last two years. Each leads to a B.S. in Wildlife Biology. The University is well-suited for instruction in wildlife biology because of the excellent opportunities for field instruction and research at Lubrecht Experimental Forest, Flathead Lake Biological Station, and the Theodore Roosevelt Memorial and Bandy ranches. The Montana Forest and Conservation Experiment Station, the Division of Biological Sciences, and the Montana Cooperative Wildlife Research Unit facilitate research.

High School Preparation: In addition to general University admission requirements, the student should elect four years of mathematics and three years of science, including biology, chemistry and physics.

Wildlife Biology Honors - Track
The honors curriculum is designed particularly for students with strong academic records who intend to do graduate work. Entrance into this emphasis is open only to students who, at the beginning of the junior year of the wildlife biology program, have a grade-point average of 3.5 or above and who petition the faculty for entrance.

Honors students must complete either WILD 370, WILD 470 and WILD 494 (terrestrial option) or BIOO 340, BIOE 428 and WILD 494 (aquatic option). Honors students are encouraged to enroll also in WILD 499. The balance of the coursework for the junior and senior years will be developed in consultation with the honors student’s faculty.

All students in the honors emphasis are required to meet with their faculty advisor prior to autumn semester registration of their junior and senior years to work out their course schedules.

Bachelor of Science - Wildlife Biology; Terrestrial Concentration
W.A Franke College of Forestry & Conservation

Degree Specific Credits: 74
Required Cumulative GPA: 2.5

Catalog Year: 2017-2018

Note: Experiential Learning is required - Students have several options to fulfill this requirement - list is available from the Wildlife Advisor in Forestry 103C.

General Education Requirements
Information regarding these requirements can be found in the General Education Section (http://catalog.umt.edu/academics/general-education-requirements) of the catalog.

Summary
Major Required Courses 17
Outside Major Required Courses 21-22
Major Required Courses 35
Writing Requirement 12-18
Mathematics Requirement 4
Exception to the Modern/Classical Languages Requirement 8
Expressive Arts 3
Natural Sciences Requirement 12
Total Hours 112-119

Major Required Courses
Rule: Must take all courses

Note: Can take WRIT 325 (Honors) OR WRIT 201 in place of NRSM 200

BIOB 160N Principles of Living Systems 3
BIOB 161N Prncpls of Living Systems Lab 1
BIOB 260 Cellular and Molecular Biology 4
BIOB 272 Genetics and Evolution 4
Select one of the following: 3
NRSM 200 Nat.Resource Professional Wrtg
WRIT 325 Science Writing (honors)
WRIT 201 College Writing II
WILD 180 Careers in Wildlife Biology 2
Total Hours 17
Minimum Required Grade: C-

Outside Major Required Courses
Rule: Must take all courses

Note: Can take WRIT 325 (Honors) OR WRIT 201 in place of NRSM 200

CHMY 121N Introduction to General Chemistry 3
CHMY 123 Introduction to Organic and Biochemistry 3
CHMY 124 Introduction to Organic and Biochemistry Lab 2
COMX 111A Intro to Public Speaking 3
M 162 Applied Calculus 4
STAT 216 Introduction to Statistics 3-4
or WILD 240 Intro to Biostatistics
WRIT 101 College Writing I 3
Total Hours 21-22
Minimum Required Grade: C-

**Writing Requirement**

**Rule:** Must complete the following subcategories

- Lower Division Writing
  - **Rule:** Complete all of the following courses
    - WRIT 101 College Writing I 3
    - Select one of the following: 3
      - NRSM 200 Nat.Resource Professional Wrtg
      - WRIT 325 Science Writing
      - WRIT 201 College Writing II
    - **Total Hours** 6
  - Minimum Required Grade: C-

- Upper Division Writing
  - **Rule:** Complete BIOE 371 and TWO of the other courses
    - BIOE 371 Gen Ecology Lab (equiv to 271) 2
    - Select two of the following: 4-10
      - BIOE 428 Freshwater Ecology
      - BIOO 335 Gen Ecology Lab (equiv to 271)
      - BIOO 470 Ornithology
      - BIOO 475 Mammalogy
      - WILD 408 Advanced Fisheries
      - WILD 470 Conserv of Wildlife Populatns
      - WILD 499 Thesis
    - **Total Hours** 6-12
  - Minimum Required Grade: C-
