ASSOCIATE OF ARTS (A.A.)

The Department of Applied Arts and Sciences offers the Associate of Arts degree. The Associate of Arts degree is considered a general education transfer degree and does not include a major or minor course of study. To receive an Associate of Arts degree, students must:

- successfully complete all lower-division general education requirements with a letter grade of C- or better;
- earn a minimum of 60 credits, at least 30 of which must be from UM;
- and maintain an institutional cumulative GPA of 2.00 for all UM courses taken for a traditional letter grade (A-F).

Matriculating students may begin coursework in the autumn, spring or summer. Courses numbered below 100 do not count toward the 60 credit requirement or general education course requirements, but do fulfill financial aid credit load requirements.

Students planning on completing a baccalaureate degree are encouraged to select specific general education courses and electives that meet the requirements for that future major. Students work with their advisor to develop an AA degree plan to best prepare them to transition to a four-year degree.

Pathways within the Associate of Arts Degree

Although the AA does not include a major or minor course of study, students may elect to choose classes in a specific area of interest. Recognized pathways within the Associate of Arts degree include:

- Chemical and Addiction Studies
- Business
- Communication Studies
- Health IT
- Professional Communication
- Sociology
- For individuals attending the Montana Law Enforcement Academy, a specialized Associate of Arts degree is offered through a collaboration among Missoula College UM, the University of Montana Department Of Sociology, and the Montana Law Enforcement Academy in Helena, MT.

Concentrations within the Associate of Arts Degree

Similar to pathways or areas of emphasis within the AA degree concentrations are meant to help students focus on communication studies, an area of increasing demand to employers. Unlike areas of emphasis, these concentrations are recorded on the student's transcript a concentration of the AA degree itself.

Courses

An “R” after the course title indicates students may earn credit for each successful completion to the maximum number indicated after the “R.” Credits earned beyond this maximum will not count towards the total required for the AA degree.
Minimum Required Grade: C-

21-27 Total Credits Required

Expressive Arts (A)
Rule: A minimum of three credits is required.

Literary & Artistic Studies (L)
Rule: A minimum of three credits is required.
