The University of Montana capitalizes on its unique strengths to create
topology, provide an active learning environment for students, and
offer programs and services responsive to the needs of Montanans.
The University delivers education and training on its four campuses and
through telecommunications to sites inside and outside of Montana. With
public expectations on the rise, the University asks its students, faculty,
and staff to do and accomplish even more than they have in the past. The
University has a commitment to education defined in the broadest sense
as personal development and citizen preparation, workforce development
and training, graduate education and research, service learning, and
community building on and off the campuses. The University enhances
its programs through continuous quality review for improvement and
remains fully accountable to the citizenry through annual audits and
performance evaluations.
