

COMPUTER SUPPORT C.A.S.

Victor Valgenti, Program Director

Computer Support is a 30-credit certificate program that prepares students for entry-level positions in the computing field. Required coursework includes programming, operating systems, networking, PC hardware, data modeling, and web technologies. Graduates pursue careers as help desk technicians, computer repair professionals, and computer support specialists. Coursework for the certificate program also leads to the A.A.S. degree in Information Technology.
