MUSIC TECHNOLOGY (MUST)

MUST 110 - Digital Audio & Multitracking. 2 Credits.
Offered autumn and spring. Composition of computer music through recording, editing, and processing sound with digital audio software. Study of the theory and application of digital audio recording, multitracking, and digital signal processing, and electroacoustic music history. Survey of historical and current electronic and computer music composers, pieces, and practices.

MUST 192 - Independent Study. 1-3 Credits.

MUST 210 - Sequencing, Synthesis, Sampling. 2 Credits.
Offered autumn. Prereq., MUST 110. Composition of computer music using MIDI sequencing, sampling, and synthesis software, and score preparation using music notation software. Study of the theory and application of MIDI, synthesis algorithms, and effects processing, and the practice of music engraving.

MUST 227A - Mountain Electroacoustic Laptop Ensemble I. 1 Credit.
This is a new music workshop, in which student composers, guided by a faculty composer, collaborate on new pieces for electroacoustic ensemble. Each student will compose structured improvisations, scored with a combination of traditional and graphic notation, that the Mountain Electroacoustic Laptop Ensemble (MELEe) will perform, with their electric or amplified instruments, MIDI controllers, and laptop computers. Successful completion of MUST 310 is a prerequisite for taking this class, unless otherwise exempted by the instructor.

Gen Ed Attributes: Expressive Arts

MUST 310 - Interactivity and Digital Signal Processing. 2 Credits.
Offered spring. Prereq., MUST 210 and upper-division standing in music. Composition of interactive computer music using a graphical programming environment for MIDI, synthesis, and digital signal processing. Study of graphical programming, interactive composition and performance, generating and processing MIDI data, synthesizing computer-generated sound, and processing digital audio in real-time.

MUST 410 - Designing the Show. 2 Credits.
Offered alternating spring semesters. MUST 410 is an interdisciplinary, multimedia course that gives students opportunities to apply complex and detailed knowledge in music, media arts, stage production, and event management in order to create large-scale performance experiences for live audiences. Technology is used to develop and implement new ideas in performance practice, culminating in a final performance event that showcases students creative ideas and skills.
