Notes

- The Master of Arts in Integrated Arts and Education is completed over two summer sessions in residence plus independent studies throughout the year and a final project. This schedule allows maximum convenience and flexibility to working educators.
- Each residency consists of 2 Summers, 4 weeks each built upon three major experiences: seminars, practicums, and studio apprenticeships. Students fulfill 20 credits in core courses and 16 credits in additional requirements, earning a total of 36 credits for the degree. Independent Coursework is completed throughout the School Year, culminating in 1 Final Creative Project.
