

LOGISTICS & SUPPLY CHAIN MANAGEMENT GRADUATE CERTIFICATE

The Logistics and Supply Chain Management (LSCM) certificate equips students with essential skills for mission-critical roles across various industries, including e-commerce, manufacturing, and retail. This program prepares students for internships and careers in global logistics, transportation, distribution, procurement, inventory planning, supply chain analysis, management, and consulting while also fostering awareness of the diverse opportunities within these fields.

General Graduate Program Requirements

Graduate School policies and standards can be found on the Graduate School Policies page (<https://catalog.umd.edu/graduate/school-policies/>).

The minimum GPA for any graduate program is 3.0. Individual programs may require more than a 3.0 to remain in good standing.

The minimum grade for a course to be accepted toward any master's or doctoral requirement is C. The minimum grade for a course to be accepted toward a certificate program is B-. Individual programs may require higher grades for specific courses.

Online Program Option

This program may be completed an online format (<https://catalog.umd.edu/online-programs/definitions/>). Students interested in pursuing an online degree or certificate program are strongly encouraged to contact the offering department to discuss specific program and course modalities (<https://catalog.umd.edu/online-programs/definitions/>) and create a plan of study with an academic advisor. The course requirements listed below may not be consistently offered via online delivery.
