

ENVIRONMENTAL EDUCATION GRADUATE CERTIFICATE

General Graduate Program Requirements

Graduate School policies and standards can be found on the Graduate School Policies page (<https://catalog.umt.edu/graduate/school-policies/>).

The minimum GPA for any graduate program is 3.0. Individual programs may require more than a 3.0 to remain in good standing.

The minimum grade for a course to be accepted toward any requirement is C. Individual programs may require higher grades for specific courses.

GRADUATE CERTIFICATE - ENVIRONMENTAL EDUCATION

- The admission process to this certificate program involves the following:
 - a. Successful admission into a masters degree program in Teaching and Learning or Environmental Studies.
 - b. Completion of an interview based on previous professional experiences, educational background, GPA, and professional goals.
- Completion Requirements: The following requirements must be completed to receive the certificate in Environmental Education:
 - Completion of the 12-credit certificate sequence having a grade of B or better in all course work.
 - In addition, a written reflective essay must be completed and submitted that addresses how the candidate met the NAAEE Guideline criteria aligned with each course, field experiences, and internship. This will be followed by an exit interview and based on the essay and interview candidate performance on each strand and element will be evaluated as unacceptable, acceptable, or target level criteria established in the guidelines. To receive the certificate, students must score at the acceptable or target level on all elements.
