

# REHABILITATION ADMINISTRATION GRADUATE CERTIFICATE

---

This 13-credit three-semester program can be taken as a standalone certificate or in conjunction with the transitional Doctor of Physical Therapy (tDPT) program. If taken in conjunction with the tDPT program, the Rehabilitation Administration Certificate (RAC) adds only three additional credits (two courses) to the tDPT curriculum, making the tDPT + RAC a viable goal for any managerial physical therapist. The program is delivered in a distance-education format except for the two-day Professionalism Seminar.

## General Graduate Program Requirements

Graduate School policies and standards can be found on the Graduate School Policies page (<https://catalog.umn.edu/graduate/school-policies/>).

The minimum GPA for any graduate program is 3.0. Individual programs may require more than a 3.0 to remain in good standing.

The minimum grade for a course to be accepted toward any master's or doctoral requirement is C. The minimum grade for a course to be accepted toward a certificate program is B-. Individual programs may require higher grades for specific courses.

## Graduate Certificate - Rehabilitation Administration
