

MASTER OF PUBLIC HEALTH AND PUBLIC ADMINISTRATION

Minimum Required Grade: C

The School of Public and Community Health Sciences and the Department of Public Administration and Policy offer an online 42 credit Master of Public Health and Public Administration (MPAPH).

This degree will allow students to complete core classes in their respective discipline (Public Administration or Public Health) required for national accreditation competencies while specializing in public administration/nonprofit or health. Students that graduate with the Master of Public Health and Public Administration will be prepared for leadership roles within government agencies, community healthcare settings, and non-profit organizations.
