

SPEECH LANGUAGE PATHOLOGY M.S.

Graduate students in Speech Language Pathology have the opportunity to work closely with ASHA-certified faculty/supervisors and engage in extensive experience and specialized training in various aspects of speech, language, literacy, swallowing, and hearing.

Program Delivery Options

On-Campus Students

On-campus students follow a traditional classroom structure by attending courses face-to-face on the UM campus. Practica are completed every semester throughout the graduate program and begin as a clinical practicum in the University of Montana's RiteCare Speech, Language, and Hearing Clinic their first semester in the graduate program. Subsequent off-campus practica, typically after the first two semesters of graduate school, take place in off-campus sites and can be arranged throughout the state and country.

On-campus students will complete the M.S. in Speech Language Pathology in a minimum of 4 semesters and 1 summer term.

Part-time options are also available.

Distance Students

Distance students participate synchronously in all academic courses with students on campus via web-broadcasting. They will begin a clinical practicum at the University of Montana's RiteCare Speech, Language, and Hearing Clinic on the University of Montana campus in the summer term following two semesters of academic study. Practica will continue throughout the remainder of the graduate program in off-campus sites and can be arranged throughout the state and country.

Distance students are able to complete the program in a minimum of 4 semesters and 2 summer terms.

General Graduate Program Requirements

Graduate School policies and standards can be found on the Graduate School Policies page (<https://catalog.umt.edu/graduate/school-policies/>).

The minimum GPA for any graduate program is 3.0. Individual programs may require more than a 3.0 to remain in good standing.

The minimum grade for a course to be accepted toward any requirement is C. Individual programs may require higher grades for specific courses.

MASTER OF SCIENCE - SPEECH LANGUAGE PATHOLOGY

The Master of Science in Speech Language Pathology requires:

- 35 credits of graduate program core courses, a majority of which focus on developmental and acquired communication and swallowing disorders. Some of these requirements may be waived with departmental approval depending on the student's undergraduate coursework, allowing a minimum of 32 credits of core courses.
- Either a graduate thesis (6 credits) or graduate non-thesis portfolio project (3 credits).
- Clinical education coursework, which includes:

- 30 credits of clinical practicum, including specialty clinics and direct experiences across multiple settings.
- Working with children and adults with developmental/acquired/swallowing 3 practicum levels that develop clinical skill and competency across multiple sites.
- A minimum of 375 supervised clock hours. 25 hours of guided observation must be completed before beginning clinical practicum.
- For additional information about clinical education in Speech Language Pathology, see the School of Speech, Language, Hearing, and Occupational Sciences website (<https://www.umt.edu/speech-language-hearing-occupational-sciences/default.php>).
- Some students may need to complete multiple undergraduate or Standard IV area requirements (not completed prior to graduate school), such as CSD 450, in order to be eligible for ASHA certification or other Standard IV-A (<https://www.asha.org/Certification/2020-SLP-Certification-Standards/#4>) courses.

Course Requirements

Code	Title	Hours
Core Requirements		
Complete all of the following courses:		
SLP 520	Speech Sound Disorders	3
SLP 530	Voice & Resonance Disorders	3
SLP 535	Motor Speech Disorders	3
SLP 540	Fluency Disorders	2
SLP 545	Social Communication Skills, Behavior, and Neurodiversity	2
SLP 546	AAC Complex Communication II	1
SLP 550	Language Assessment and Intervention for Children Infants through Preschool	3
SLP 560	Dx /Tx School-Age Lang	3
SLP 565	Aphasia	3
SLP 566	Acquired Cognitive-Communication Disorders	3
SLP 570	Clinic Proc/Pro Pract I (repeated for a total of 2 credits)	2
SLP 575	Advanced Clinic Proc II	1
SLP 600	Research Methods	3
SLP 640	Swallowing Disorders	3
Practicum Requirements		
Complete all of the following courses:		
SLP 571	Found Applied Clinic Srv/Lrn	6
SLP 576	Advanced Applied Clinic II	12
SLP 675	Clinical Ext/ Adv Practicum	12
Thesis/Capstone		
Complete one of the following courses:		
SLP 588	Master of Science Capstone Portfolio (3 credits)	3-6
SLP 599	Master of Science Thesis (6 credits)	
Total Hours		68-71
